Reference to provisions of Oklahoma law, whether codified in the Oklahoma Constitution or the Oklahoma Statutes are references to current provisions. These provisions are subject to amendment, repeal or supplement.

THE BONDS

The Bonds were authorized to be issued at special elections held in the School District on the 12th day of September, 2017, and the 27th day of August, 2024.

Proceeds from the Bonds will be used to construct, furnish, equip, and/or acquire a new gymnasium to include, but not be limited to: decking, TPO roofing, suspended ceilings, aluminum storefront doors and hardware, and rolling counter shutters; and construct, furnish, equip and/or acquire a baseball and softball field to include, but not be limited to: general conditions and requirements, as well as to pay all legal, financial and other costs relating to the issuance of the Bonds.

General Description

The Bonds are dated July 1, 2026, are fully registered bonds, and are in denominations of \$5,000 or any integral multiple thereof. The Bonds bear interest from July 1, 2026, and interest will be paid on July 1, 2028 (the “Interest Payment Date”). It is anticipated that the Bonds will be available for delivery on or about the 9th day of July, 2026.

The principal of the Bonds is payable, when due, at the principal corporate trust office of UMB Bank, n.a. (the “Registrar” and “Paying Agent”), in Oklahoma City, Oklahoma. Interest on the Bonds will be paid on the Interest Payment Date by check mailed to the registered owner thereof at the address shown on the registration books maintained by the Registrar and Paying Agent at the close of business on the 15th day of the calendar month preceding the Interest Payment Date, or if such day is a Saturday, Sunday or holiday, on the next preceding business day (the “Record Date”).

Redemption Prior to Maturity

The Bonds are not callable prior to their stated maturity.

Tax Status of the Bonds

It is expected that interest on the Bonds will be included in gross income for federal income tax purposes, and that interest on the Bonds will be exempt from State of Oklahoma income taxation. See the section titled “Tax Matters” herein.

Registration and Transfer

Bonds presented to the Registrar for transfer after the close of business on a Record Date and before the close of business on the next subsequent Interest Payment Date will be registered in the name of the transferee but the interest payment will be made to the registered owners shown on the books of the Registrar as of the close of business on the Record Date.

The Bonds will be initially registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), New York, New York, which will act as securities depository for the Bonds. Principal and interest on the Bonds will be paid by the Paying Agent and Registrar to DTC. Disbursements of such payments to the DTC Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of the DTC Participants and the Indirect Participants, as more fully described in the section titled “Book-Entry System.”

Book-Entry System

THE INFORMATION IN THIS SECTION, “BOOK-ENTRY SYSTEM”, HAS BEEN FURNISHED BY THE DEPOSITORY TRUST COMPANY. NO REPRESENTATION IS MADE BY THE SCHOOL DISTRICT AS TO THE COMPLETENESS OR ACCURACY OF SUCH INFORMATION. THE SCHOOL DISTRICT SHALL HAVE NO RESPONSIBILITY OR OBLIGATION TO DTC PARTICIPANTS, INDIRECT PARTICIPANTS OR THE PERSONS FOR WHICH THEY ACT AS NOMINEES WITH RESPECT TO THE BONDS, OR FOR ANY PRINCIPAL, PREMIUM, IF ANY, OR INTEREST PAYMENT THEREOF.

The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds in the aggregate principal amount of each such maturity, and will be deposited with DTC at the office of the Paying Agent and Registrar on behalf of DTC utilizing the DTC FAST system of registration.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instrument from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants

include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, FICC, AND EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a rating of “AA+” from S&P Global Ratings, a Standard and Poor’s Financial Services LLC business. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC (or the Paying Agent and Registrar on behalf of DTC utilizing the DTC FAST system of registration) are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC (or the Paying Agent and Registrar on behalf of DTC utilizing the DTC FAST system of registration) and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the School District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts, upon DTC’s receipt of funds and corresponding detail information from the School District or Agent on payable date in accordance with their respective holdings shown on DTC’s

records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or the School District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of any payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the School District or Agent. Disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the School District or Agent. Under such circumstances, the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The School District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the School District believes to be reliable, but the School District takes no responsibility for the accuracy thereof.

Security and Source of Payment

The Bonds, in the opinion of Bond Counsel, are direct and general obligations of the School District and are payable as to both principal and interest from ad valorem taxes to be levied against all taxable property within the School District, without limitation as to rate or amount.

Ad valorem taxes for the Bonds shall be levied annually beginning in Fiscal Year 2027-28, shall become delinquent one-half on January 1 and one-half on April 1 of each year, and are required to be collected by the County Treasurer, apportioned and paid over to the School District Treasurer, and then deposited directly and only into the Sinking Fund of the School District. IN NO EVENT MAY SUCH AD VALOREM TAXES BE DEPOSITED INTO THE GENERAL FUND OR ANY FUND OF THE SCHOOL DISTRICT OTHER THAN THE SINKING FUND.

As stated above, the Bonds are payable from ad valorem taxes on all taxable property within the School District including real, personal and public service property, and any other moneys available for such purpose. Real and personal property in the School District is currently assessed at a rate of approximately 11% of estimated full market value. Public service property assessments are determined by the Oklahoma State Tax Commission, and currently the assessment ratio is approximately 11.84% of estimated full market value of airline and railroad property and 22.85% of estimated full market value of all other public service property. Pursuant to Oklahoma statutes, County Assessors are required to reassess property within the County at least once each five years. The School District is required to pay its proportionate share of the cost of such reassessment.

Ad valorem tax rates for Sinking Fund purposes are determined by ascertaining the actual dollars of revenues required for payment of principal and interest on indebtedness, fees to fiscal and paying agents and judicial judgments. Such total amount may be reduced by any surplus from the prior fiscal year and any contributions made into the Sinking Fund. To the resulting net requirements a reserve for delinquent taxes, in an amount of not less than 5% nor more than 20% of the net required tax collection, shall be added to the required collections. Such final total

requirements shall then be divided by the total net assessed valuation of all real, personal and public service property in order to determine the appropriate tax rate for each property owner.

One hundred percent (100%) of the School District's Sinking (Debt Service) Fund revenues come from locally collected ad valorem taxes. None of these ad valorem taxes are collected or disbursed by the State of Oklahoma. Furthermore, as stated above, Sinking Fund taxes are collected by the County Treasurers of the counties in which the School District is situated, are apportioned and paid over to the School District Treasurer and cannot, by Oklahoma Law, be placed in any fund of the School District other than the Sinking Fund. They may be used only for the payment of principal of and interest on indebtedness (including judicial judgments) of the School District.

Public service property is assessed at a ratio of 11.84% of estimated full market value of airline and railroad property and 22.85% of estimated full market value of all other public service property. County Assessors are required to reassess property within the County at least once each five years. The School District is required to pay its proportionate share of the cost of such reassessment.

School districts in Oklahoma are limited to a total of thirty-five (35) mills ad valorem tax for operating (General Fund) purposes, and five (5) mills for Building Fund purposes. In addition, Oklahoma statutes require that the School District each year make an ad valorem tax levy for a Sinking Fund which shall, with cash and investments in the fund, be sufficient to pay all the bonded

indebtedness, interest and one-third of all outstanding judgments coming due in the following year. Such funds are placed in the School District's Sinking Fund and are expended only for these purposes. The ad valorem tax rates for Sinking Fund purposes are determined by ascertaining the actual dollars of revenues required for payment of principal and interest on indebtedness and judicial judgments. Such total amount may be reduced by any surplus from the prior fiscal year and any contributions made into the Sinking Fund in lieu of ad valorem taxes. To the resulting net requirements a reserve for delinquent taxes, in an amount of not less than 5% nor more than 20% of the net required tax collection, shall be added to the required collections. Such final total requirements shall then be divided by the total net assessed valuation of all taxable property in order to determine the appropriate tax rate for each property owner.

After review and approval by the Board of Education, copies of the Sinking Fund Estimate are submitted to the County Excise Board to determine the ad valorem tax levy and appropriations. This submission is required to be made by August 27th of each year. The estimates are for the purposes of determining ad valorem taxes required to fund the General, Building, and Sinking Funds. The amounts contained in the Estimate of Needs are verified by the County Excise Board and, upon verification, the levy contained therein is ordered to be certified to the County Assessor in order that the County Assessor may extend said levy upon the tax rolls for the year for which the Estimate of Needs is submitted. While the County Excise Board may make recommendations with respect to the levy request, it only has the authority to change the reserve for delinquent taxes.

The County Assessor is required to file a tax roll report on or before October 1 of each year with the County Treasurer indicating the net assessed valuation for each municipality within the County. This report includes the assessed valuation for all real, personal and public service property. The County Treasurer has fifteen days after receipt of the tax roll report to start collecting taxes. The first half of taxes is due and payable on November 1 of each year. The second half is due and payable on or before April 1 of each year. However, if the first half is not paid by January 1, both first and second half are declared delinquent as of January 1. If the first half taxes are paid in a timely manner and the second half taxes are not paid on or before April 1, the taxes are considered delinquent. Interest accrues on delinquent taxes at the rate of 1.5% monthly (18% annually), to a maximum of 100% of the taxes due and owing, until such time as the delinquent taxes are paid. In the event taxes and accrued interest are not paid, the property is sold at tax sale on October 1 and the purchaser is issued a certificate of tax lien; however, the original owner of the property has two years in which to redeem the property by paying the taxes, interest and penalties owed. If, at the end of two years he has not done so, the purchaser may then apply for a deed to the property. If there is no purchaser, then the county acquires the same lien and the property is auctioned after approximately two and one-half years.

Compliance with Constitutional Debt Limitation

The current, summary debt statement of the School District revised from that filed with the State of Oklahoma as of June 30, 2025, is shown below:

2025-26 Estimated Full Market Value	\$543,961,791
2025-26 Assessed Valuation, including Homestead Exemptions	\$61,202,896
2025-26 Assessed Valuation, excluding Homestead Exemption	\$60,622,338

The County or Counties indicated below, if any, have held an election under Oklahoma Constitution Article X, §6(B) approving an exemption of certain household and personal property from ad valorem taxation. Accordingly, said County or Counties have calculated the “millage adjustment factor” to be applied to debt percentage limits under Article 10, Section 26(b), resulting in an adjusted debt limit. The adjusted debt limit is as follows:

County	Net Assessed Valuation	District Unadjusted Legal Debt Limit (1)	Millage Adjustment Factor (If App.)	District Adjusted Legal Debt Limit (2)

LITIGATION

To the knowledge of the School District, there is no litigation pending seeking to restrain or enjoin the issuance or delivery of the Bonds or questioning or affecting the legality of the Bonds or proceedings and authority under which the Bonds are to be issued. There is no litigation pending which in any manner questions the right of the School District to construct or finance the proposed improvements.

LEGAL MATTERS

All matters incident to the authorization and issuance of the Bonds are subject to the approval of the Attorney General of the State of Oklahoma and to the approval of Bond Counsel selected by the Underwriters. Bond Counsel has not participated in the preparation of the Official Statement. Accordingly, Bond Counsel has no responsibility for the accuracy, sufficiency or completeness of any information furnished in connection with any offer or sale of the Bonds.

CONTINUING DISCLOSURE

The Bonds are not subject to the provisions of Rule 15c2-12 promulgated by the Securities and Exchange Commission regarding secondary market disclosure, and consequently, the School District undertakes no obligation to provide secondary market information pursuant to such continuing disclosure standards with respect to the Bonds. The Oklahoma State Auditor and Inspector receives annual audited financial statements from all Oklahoma subdivisions required to prepare and file such under current law. Such audited financial statements are published on the Oklahoma State Auditor and Inspector website (www.sai.ok.gov) and are available to the public.

POTENTIAL IMPACT OF COVID-19

Certain external events, such as pandemics, natural disasters, severe weather, technological emergencies, riots, acts of war or terrorism or other circumstances, could potentially disrupt the operations and effectiveness of municipal governments, such as the School District. One such external event is the global outbreak of COVID-19 (“COVID-19”), a respiratory disease declared in 2020 to be a pandemic (the “Pandemic”) by the World Health Organization and an emergency by federal and state governments. Since the start of the Pandemic, Presidential administrations, Congress, the State, and various federal and State agencies and regulatory bodies have enacted legislation and/or issued orders or directives (collectively, “Governmental Actions”) to alleviate the effects of the Pandemic. Such legislation and/or orders have been extended and/or modified, and others have expired or been rescinded and/or enjoined. While new legislation may be enacted, new orders may be issued, and existing and new orders may be extended, modified, litigated, or allowed to expire, no guarantee can be made with regards to the duration and/or effectiveness of any such legislation or orders.

The Governmental Actions, and other future federal, State, and local measures, may have both adverse and positive effects on the operations, financial condition and bond ratings of the School District. In addition, unemployment in the State, business closures and/or restrictions in the State and stock market fluctuation may have adverse effects, as well. The School District continue to assess the economic and social effects of the Pandemic and its impact on their respective operations, financial condition and bond ratings. At present, the School District has not experienced any materially adverse financial impacts from the Pandemic; however, there could be reductions in property tax receipts and other collections, including the corresponding disbursements thereof, as well as other disruptions for a period of time. The School District cannot predict (i) the duration or extent of the Pandemic or any other outbreak emergency or (ii) whether and to what extent the Pandemic or other outbreak or emergency may disrupt the local or global economy, manufacturing, or supply chain, or whether any such disruption may adversely impact the operations, financial condition and bond ratings of the School District.

TAX MATTERS

Tax Opinions

In the opinion of bond counsel, interest on the Bonds is included in gross income for federal income tax purposes.

In the opinion of bond counsel, interest on the Bonds is exempt from State of Oklahoma income taxation under present law.

Bond Counsel has expressed no opinion regarding other tax consequences arising with respect to the Bonds under the laws of the State or any other state or jurisdiction.

General Matters

The following is a summary of certain anticipated federal income tax consequences of the purchase, ownership and disposition of the Bonds under the Code and the Regulations, and the judicial and administrative rulings and court decisions now in effect, all of which are subject to change or possible differing interpretations. The summary does not purport to address all aspects of federal income taxation that may affect particular investors in light of their individual circumstances, nor certain types of investors subject to special treatment under the federal income tax laws. Potential purchasers of the Bonds should consult their own tax advisors in determining the federal, state or local tax consequences to them of the purchase, holding and disposition of the Bonds.

In general, interest paid on the Bonds, original issue discount, if any, and market discount, if any, will be treated as ordinary income to the owners of the Bonds, and principal payments (excluding the portion of such payments, if any, characterized as original issue discount or accrued market discount) will be treated as a return of capital.

Bond Premium

An investor which acquires a Bond for a cost greater than its remaining stated redemption price at maturity and holds such Bond as a capital asset will be considered to have purchased such Bond at a premium and, subject to prior election permitted by Section 171(c) of the Code, may generally amortize such premium under the constant yield method. Except as may be provided by regulation, amortized premium will be allocated among, and treated as an offset to, interest payments. The basis reduction requirements of Section 1016(a)(5) of the Code apply to amortizable Bond premium that reduces interest payments under Section 171 of the Code. Bond premium is generally amortized over the Bond's term using constant yield principles, based on the purchaser's yield to maturity. Investors of any Bond purchased with a Bond premium should consult their own tax advisors as to the effect of such Bond premium with respect to their own tax situation and as to the treatment of Bond premium for state tax purposes.

Market Discount

An investor that acquires a Bond for a price less than the adjusted issue price of such Bond (or an investor who purchases a Bond in the initial offering at a price less than the issue price) may be subject to the market discount rules of Sections 1276 through 1278 of the Code. Under these sections and the principles applied by the Regulations, "market discount" means (a) in the case of a Bond originally issued at a discount, the amount by which the issue price of such Bond, increased by all accrued original issue discount (as if held since the issue date), exceeds the initial tax basis of the owner therein, less any prior payments that did not constitute payments of qualified stated interest, and (b) in the case of a Bond not originally issued at a discount, the amount by which the

stated redemption price of such Bond at maturity exceeds the initial tax basis of the owner therein. Under Section 1276 of the Code, the owner of such a Bond will generally be required (i) to allocate each principal payment to accrued market discount not previously included in income and, upon sale or other disposition of the Bond, to recognize the gain on such sale or disposition as ordinary income to the extent of such cumulative amount of accrued market discount as of the date of sale or other disposition of such a Bond or (ii) to elect to include such market discount in income currently as it accrues on all market discount instruments acquired by such owner on or after the first day of the taxable year to which such election applies.

The Code authorizes the Treasury Department to issue regulations providing for the method for accruing market discount on debt instruments the principal of which is payable in more than one installment. Until such time as regulations are issued by the Treasury Department, certain rules described in the legislative history will apply. Under those rules, market discount will be included in income either (a) on a constant interest basis or (b) in proportion to the accrual of stated interest or, in the case of a Bond with original issue discount, in proportion to the accrual of original issue discount.

An owner of a Bond that acquired such Bond at a market discount also may be required to defer, until the maturity date of such Bond or its earlier disposition in a taxable transaction, the deduction of a portion of the amount of interest that the owner paid or accrued during the taxable year on indebtedness incurred or maintained to purchase or carry such Bond in excess of the aggregate amount of interest (including original issue discount) includable in such owner's gross income for the taxable year with respect to such Bond. The amount of such net interest expense deferred in a taxable year may not exceed the amount of market discount accrued on the Bond for the days during the taxable year on which the owner held such Bond and, in general, would be deductible when such market discount is includable in income. The amount of any remaining deferred deduction is to be taken into account in the taxable year in which the Bond matures or is disposed of in a taxable transaction. In the case of a disposition in which gain or loss is not recognized in whole or in part, any remaining deferred deduction will be allowed to the extent gain is recognized on the disposition. This deferral rule does not apply if the owner elects to include such market discount in income currently as it accrues on all market discount obligations acquired by such owner in that taxable year or thereafter.

Attention is called to the fact that Treasury regulations implementing the market discount rules have not yet been issued. Therefore, investors should consult their own tax advisors regarding the application of these rules as well as the advisability of making any of the elections with respect thereto.

Sales or Other Dispositions

If an owner of a Bond sells the Bond, such person will recognize gain or loss equal to the difference between the amount realized on such sale and such owner's basis in such Bond. Ordinarily, such gain or loss will be treated as a capital gain or loss. At the present time, the maximum capital gains rate for certain assets held for more than 12 months is 15%. However, if a Bond was, at its initial issuance, sold at a discount, a portion of such gain will be recharacterized as interest and therefore ordinary income. Neither the School District nor Bond Counsel can predict whether the President or Congress will propose legislation effecting the long-term capital gains rate.

If the terms of a Bond were materially modified, in certain circumstances, a new debt obligation would be deemed created and exchanged for the prior obligation in a taxable transaction. Among the modifications that may be treated as material are those that relate to redemption provisions and, in the case of a nonrecourse obligation, those which involve the substitution of collateral. Each potential owner of a Bond should consult its own tax advisor concerning the

circumstances in which such Bond would be deemed reissued and the likely effects, if any, of such reissuance.

Defeasance

The legal defeasance of the Bonds may result in a deemed sale or exchange of such Bond under certain circumstances. Owners of such Bonds should consult their tax advisors as to the federal income tax consequences of such a defeasance.

Backup Withholding

An owner of a Bond may be subject to backup withholding at the applicable rate determined by statute with respect to interest paid with respect to the Bonds, if such owner, upon issuance of the Bonds, fails to provide to any person required to collect such information pursuant to Section 6049 of the Code with such owner's taxpayer identification number, furnishes an incorrect taxpayer identification number, fails to report interest, dividends or other "reportable payments" (as defined in the Code) properly, or, under certain circumstances, fails to provide such persons with a certified statement, under penalty of perjury, that such owner is not subject to backup withholding.

Foreign Investors

An owner of a Bond that is not a "United States person" (as defined below) and is not subject to federal income tax as a result of any direct or indirect connection to the United States of America in addition to its ownership of a Bond will generally not be subject to United States income or withholding tax in respect of a payment on a Bond, provided that the owner complies to the extent necessary with certain identification requirements (including delivery of a statement, signed by the owner under penalties of perjury, certifying that such owner is not a United States person and providing the name and address of such owner). For this purpose the term "United States person" means a citizen or resident of the United States of America, a corporation, partnership or other entity created or organized in or under the laws of the United States of America or any political subdivision thereof, or an estate or trust whose income from sources within the United States of America is includable in gross income for United States of America income tax purposes regardless of its connection with the conduct of a trade or business within the United States of America.

Except as explained in the preceding paragraph and subject to the provisions of any applicable tax treaty, a 30% United States withholding tax will apply to interest paid and original issue discount accruing on Bonds owned by foreign investors. In those instances in which payments of interest on the Bonds continue to be subject to withholding, special rules apply with respect to the withholding of tax on payments of interest on, or the sale or exchange of Bonds having original issue discount and held by foreign investors. Potential investors that are foreign persons should consult their own tax advisors regarding the specific tax consequences to them of owning a Bond.

Tax-Exempt Investors

In general, an entity that is exempt from federal income tax under the provisions of Section 501 of the Code is subject to tax on its unrelated business taxable income. An unrelated trade or business is any trade or business that is not substantially related to the purpose that forms the basis for such entity's exemption. However, under the provisions of Section 512 of the Code, interest may be excluded from the calculation of unrelated business taxable income unless the obligation that gave rise to such interest is subject to acquisition indebtedness. Therefore, except to the extent any owner of a Bond incurs acquisition indebtedness with respect to such Bond, interest paid or

accrued with respect to such owner may be excluded by such tax-exempt owner from the calculation of unrelated business taxable income. Each potential tax-exempt holder of a Bond is urged to consult its own tax advisor regarding the application of these provisions.

ERISA Considerations

The Employee Retirement Income Security Act of 1974, as amended (“ERISA”), imposes certain requirements on “employee benefit plans” (as defined in Section 3(3) of ERISA) subject to ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of such plans (collectively, “ERISA Plans”) and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA’s general fiduciary requirements, including the requirement of investment prudence and diversification and the requirement that an ERISA Plan’s investments be made in accordance with the documents governing the ERISA Plan. The prudence of any investment by an ERISA Plan in the Bonds must be determined by the responsible fiduciary of the ERISA Plan by taking into account the ERISA Plan’s particular circumstances and all of the facts and circumstances of the investment. Government and non-electing church plans are generally not subject to ERISA. However, such plans may be subject to similar or other restrictions under state or local law.

In addition, ERISA and the Code generally prohibit certain transactions between an ERISA Plan or a qualified employee benefit plan under the Code and persons who, with respect to that plan, are fiduciaries or other “parties in interest” within the meaning of ERISA or “disqualified persons” within the meaning of the Code. In the absence of an applicable statutory, class or administrative exemption, transactions between an ERISA Plan and a party in interest with respect to an ERISA Plan, including the acquisition by one from the other of the Bonds could be viewed as violating those prohibitions. In addition, Section 4975 of the Code prohibits transactions between certain tax-favored vehicles such as Individual Retirement Accounts and disqualified persons. Section 503 of the Code includes similar restrictions with respect to governmental and church plans. In this regard, the Authority or any dealer of the Bonds might be considered or might become a “party in interest” within the meaning of ERISA or a “disqualified person” within the meaning of the Code, with respect to an ERISA Plan or a plan or arrangement subject to Sections 4975 or 503 of the Code. Prohibited transactions within the meaning of ERISA and the Code may arise if the Bonds are acquired by such plans or arrangements with respect to which the Authority or any dealer is a party in interest or disqualified person.

In all events, fiduciaries of ERISA Plans and plans or arrangements subject to the above sections of the Code, in consultation with their advisors, should carefully consider the impact of ERISA and the Code on an investment in the Bonds. The sale of the Bonds to a plan is in no respect a representation by the School District that such an investment meets the relevant legal requirements with respect to benefit plans generally or any particular plan. Any plan proposing to invest in the Bonds should consult with its counsel to confirm that such investment is permitted under the plan documents and will not result in a non-exempt prohibited transaction and will satisfy the other requirements of ERISA, the Code and other applicable law.

Health Care and Education Reconciliation Act of 2010

Pursuant to Section 1411 of the Code, as enacted by the Health Care and Education Reconciliation Act of 2010, an additional tax is imposed on individuals beginning January 1, 2013. The additional tax is 3.8% of the lesser of (i) net investment income (defined as gross income from interest, dividends, net gain from disposition of property not used in a trade or business, and certain other listed items of gross income), or (ii) the excess of “modified adjusted gross income” of the individual over \$200,000 for unmarried individuals (\$250,000 for married couples filing a joint return and a surviving spouse). Holders of the Bonds should consult with their tax advisor

concerning this additional tax as it may apply to interest earned on the Bonds as well as gain on the sale of a Bond.

Changes in Federal and State Tax Law

From time to time, there are legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to above or adversely affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to indebtedness issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds or the market value thereof would be impacted thereby. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based on existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel expresses no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

RATINGS

The School District is currently rated “Oklahoma #1” by The Municipal Rating Committee of Oklahoma, Inc. Neither the School District nor the Financial Advisor has obtained, nor do they plan to obtain, a rating of the Bonds from any other rating agency.
